

Dear: Mr. Vimal Joshi/Mr. Lalit Negi
Company: All Trans Shipping & Logistics Pvt. Ltd., New Delhi, India

Congratulations! I am delighted to extend my personal welcome to your company as the newest member of the WCAworld.

The WCAworld is the world's most powerful grouping of independent freight forwarders with more than **11,227 member offices in 1,008 cities** and ports worldwide - more logistics power than all other networks put together. I invite you to take advantage of the many excellent business tools provided solely for your benefit, including our famous members-only conferences as well as IT and insurance programs.

I would particularly like to commend to you the WCAworld Risk Management program which is aimed solely at protecting your business from all the dangers in the complex global logistics chain – why not check it out on our websites and talk it through with our regional support staff.

Don't forget that a cornerstone of Risk Management is the financial protection of our Gold Medallion program which covers transactions between all members. So we recommend you bring business, especially if there is any perceived risk, to fellow members of the network for your own confidence.

We are informing all other members of **WCA China Global** of your enrolment and adding your company profile to the Member Listings of our websites. You are now entitled to enter the Members only section of the websites – here is your user i/d and password:

i/d: **atshpndh**
password: **aLLtsHpvt@22**

Membership ID: 118268

Welcome to WCAworld I hope you will find membership of this elite group as useful as your fellow members do. If you have questions or need help now or at any time in the future, please do not hesitate to contact any of our Regional Support Centers worldwide – my staff are waiting to assist you. If you are interested in taking advantage of excellent ocean freight rates, contact our associated NVOCC All World Shipping by [clicking here](#).

Yours sincerely,

David L Yokeum
Chairman
WCA, Ltd.
